

## PRACTICAL INFORMATION

### Major “news”:

- last session on confounding etc.,
- timing for home assignment 2:
  - \* due Friday Nov 27 (preferably around noon),
  - \* returned to you Tuesday Dec 1 (with marks and a brief solution),
  - \* possible in-class review (Dec 1 or 4).

### Today’s session:

- review/discussion: Problem 13.9 and extra Matching problem (note: updated problem!),
- review: six causation scenarios,
- individual work on remaining problems (13.2 + 13.10 + exam question 2007),
- optional problem for later: exam question 2008,
- more time for questions and discussion.
